广州壹凌医疗器械科技有限公司
Guangzhou YiLinK Medical Equipment Technology Co.,Ltd

（以下简称壹凌医Yilink Medical）

隶属于壹凌集团旗下的口腔医疗板块子公司，总部位于中国广州，是一家自主研发、生产、销售数字口腔材料、提供数字口腔全流程解决方案的专业供应商；同时是代理国内外知名口腔设备、软件和材料的综合性医疗公司，为牙科技工所和口腔医院提供一站式产品和服务。

Yilink Medical is affiliated to the dental medical division of Yilink Group. It is a professional supplier that independently researches, develops, produces and sells digital dental materials, and provides full-process digital dental solutions. It is also a comprehensive medical company that acts as an agent for well-known dental equipment, software and materials at home and abroad, and provides one-stop products and services for dental laboratories and dental hospitals.

四大核心优势，打造数字化齿科创新型企业
Four core advantages to build an innovative digital dental enterprise

研发创新力
伴随口腔行业的快速发展，壹凌始终保持超高的市场敏锐度，为口腔数字化事业提供创新解决方案，满足市场需求的同时不断延长旗下产品生命力，同时公司具有完善的研发、专利保护机制和充裕的研发资金等专业实力。

多元产品力
壹凌医将以数字化材料为核心，打造全流程数字化技工产品与解决方案，实现多元化产品矩阵，为技工所技师、口腔医生和患者提供更优质的产品和服务，满足不断提升的数字化水平和定制化需求。

渠道专业力
壹凌深耕行业多年，在国内外积累了丰富的口腔行业资源，在渠道、口腔耗材、设备等方向展开多维度合作，不仅协助强化了壹凌医疗品牌形象，还为壹凌拓展了各地技工所和临床领域的销售渠道。

品牌认可度
壹凌医疗业务范围辐射30多个国家和地区，业务范围遍布全球，产品远销海外，受到国内外客户的一致认可，真正做到了让客户省钱，省心，更赚钱！

R & D Innovation
Yilink Medical has always maintained a high market acumen, and constantly provides innovative solutions for the digital dental business . It has professional strengths such as complete R&D, patent protection mechanism and abundant R&D funds.

Multi-product Power
With digital materials as the core, it creates full-process digital technician products and solutions, realizes a diversified product matrix, provides high-quality products and services for dental professionals, and meets the ever-increasing digital standards and customization needs.

Channel Expertise
We have accumulated abundant dental industry resources at home and abroad, and carried out multi-dimensional cooperation in channels, dental consumables, equipment, etc., to strengthen the brand image and expand diversified sales channels for Yilink Medical.

Brand Recognition
Yilink Medical's business scope covers the world, and its products are exported to nearly 100 countries overseas, and are unanimously recognized by customers. It truly creates value for customers and helps customers achieve profit growth!

合作伙伴
Cooperative Partner

携手行业战略合作伙伴 深耕数字口腔行业未来
Building the future of the digital dental industry

可持续发展战略
Sustainable Development Strategy

科学可持续的生产理念

生产使用寿命更长的义齿材料和其它技工产品。

科技赋能低碳生产

最大限度的减少生产过程中的CO2排放、塑料使用、废物产生和其他环境影响。

践行社会责任，推动可持续发展

通过管理创新、技术创新、经营理念帮助减少牙科行业对环境的影响，肩负更多社会责任。

Scientific and sustainable production concept

Producing longer-life denture material and other technical products.

Technology empowers low-carbon production

Minimize CO2 emissions, plastic use, waste generation and other environmental impacts during the production process.

Practice social responsibility and promote sustainable development

Through management innovation, technological innovation, and business philosophy, we reduce the impact of the dental industry on the environment and shoulder more social responsibilities.
